

ADERANT Partners with Jiggy Interactive

Expands ADERANT Expert implementation and customization services throughout New Zealand and Asia Pacific

Auckland, 25 June, 2008– ADERANT, a global provider of business and financial management software for law firms, today announced that it has formed a partnership with Jiggy Interactive Limited, a New Zealand-based software development and outsourcing consulting company. Under the terms of the agreement, Jiggy Interactive will partner with ADERANT to provide ADERANT Expert implementation services and project management; migration support; custom development; and, application training throughout the Asia Pacific Australia (APA) region.

In addition to providing law firms with a wide variety of ADERANT Expert consulting services, Jiggy Interactive also develops a series of complementary applications. The firm also does custom development, leveraging highly skilled technical resources, generic designs, and rapid development tools to provide law firms with custom applications with rapid implementation cycles.

"Jiggy has provided Simpson Grierson with a high level of service over the past years," said Valerie Fogg, Information Services Director for Simpson Grierson. "They have been an invaluable asset in all the projects in which they have been involved. Their high levels of skill, knowledge and experience, and ability to deliver real results in this market have made them right choice for Simpson Grierson."

"ADERANT's steadily growing regional market share and considerable market momentum made them the ideal partner for us," said David Bottom, Product and Sales Director for Jiggy Interactive Limited. "By formalizing our relationship with ADERANT, we can provide law firms with additional resources and flexibility when it comes to their ADERANT Expert services needs."

"We are very pleased to have Jiggy Interactive join our global network of service providers," said Bruce Heaney, Sales Director, APA for ADERANT. "Their proven track record and more than a decade of experience assisting some of the leading law firms in the region make them an ideal partner. Combined with our local resources, Jiggy Interactive will help us provide our New Zealand clients with further skills and experience across the ADERANT Expert product suite"

###

About Jiggy Interactive Limited

Jiggy Interactive Limited is a software development and outsourcing consulting company based in Auckland, New Zealand established in 2001. The firm's highly skilled technical resources, generic designs, and rapid application development tools provide law firms with easily customizable solutions and extremely short implementation cycles. Jiggy Interactive extends the lifespan and lowers the cost of law firm's core systems and helps deliver real-time business intelligence to fee earner desktops. The firm has more than ten years of experience in the legal industry and has helped most of the large law firms throughout the region.
